**Important Notice for November 2020 Examination –A. Y. 2020-21**

Good morning my dear students. I hope by this time you have all very carefully read the university circular relating to November 2020 exams posted by the college on all groups and the website

2. Nov 2020 exams will commence from mid December, the exact date and time table will be notified as soon as we hear from the university

3. Exams will be online on auto proctor and google form.

4. 30 marks will be for mcqs for half an hour paper and 30 marks for 10 short descriptive answers for one hour paper.

5. There shall be a meeting explaining how to write your papers on google form followed by three mock tests. Every student must attend the meeting and the 3 mock tests. The dates of the meeting and the mock tests shall be notified by dabral. If any student fails to do so and then has technical glitches in submitting the exam paper, he shall be solely responsible and marked absent

6. A university survey google form was posted. Those who have not filled and submitted it, will not be able to take the exam.

7. Students must be at their residence at the time of exam. A student who has problem in submitting online paper will be immediately called to college for online/offline exam. Hence those out of town, ensure you are back home before exams.

8. You may write your descriptive answers in marathi using your mobile phones. 📱 is the procedure to do so. Plz start practicing, if you going to write in marathi.

9. In case of any problem plz feel free to contact me, dabral or hemant. We are always there to assist you.

Enjoy the new mode of exams. All the best to each one of you.

Dr. Chandiramani

Procedure to type the answers in marathi in exams-

1. Download google input from play store in the mobile to be used for giving the online exam.

2. For writing descriptive answer, open the exam link and choose marathi language in place of english language.

3. Start typing marathi words in english alphabets. As you type, marathi translated word will also be shown. 📱 choose the marathi translated word and it comes on the place where answer is to be typed.
